Search Notes

Lee:

Attached are the results to your request regarding an inflatable neural prosthesis.

I did two searches – one on the inflatable neural prosthesis (first in the packet) and another on foreign applications and NPL by John Wyatt related to neural implants. Although I marked some items that appear relevant, I recommend you review the entire packet.

If you have any questions or would like this search reworked in any way, please do not hesitate to contact me at the number or address listed above.
